Applicants will be able to fill in the on-line registration **until 31 March 2019 midnight (Brussels time)** on the Coimbra Group web site: www.coimbra-group.eu/activities/scholarships.

Applicants are not expected to provide any documents at this stage, although they may be requested to do so by the university they have applied for at a later stage. Candidates must indicate the name and contact details of an academic supervisor at the host university and provide proof of acceptance (a letter or e-mail) by this supervisor where it is clearly stated that he/she is willing to supervise the work of the candidate during the research stay at the Coimbra Group University. This letter should be uploaded on the application form. Applications which do not fulfil this requirement will not be considered.

When submitting an application for a Coimbra Group scholarship, the candidate agrees to allow the Coimbra Group to use their data (name, surname, academic information) for dissemination purposes in connection with the Coimbra Group scholarships.

This will be your only acknowledgement of receipt. If you do not receive the confirmation message it means that your application was not submitted correctly or there was a technical problem. In that case, please contact info@coimbra-group.eu, **no later than 15 April 2019**.

Selection Procedure

The administrative check of applications will be undertaken by the Coimbra Group Office in order to select candidates who meet the eligibility criteria. The Coimbra Group Office will contact all candidates and inform them about the result of their application. Successful candidates currently employed by a University are responsible for ensuring that their home institution will grant them leave of absence to undertake the proposed visit.
